Dr. Carson BCA

Q19 Our early intervention service coordination provider agency is: **Tobosa - Los Pasitos**

Q20 Is child's ethnicity Hispanic or Latino? **No**

Q21 Child's race (Please select one or more): **White**

Q22 Child's length of time in early intervention: **Less than 1 year**

Q23 Please add any comments below:

Dr. Carson should have referred us earlier. I addressed concerns that our child was behind and she didn't refer us until 9 months I believe we could have benefited by having services earlier. we have switched pediatricians since then.

This program has helped our family greatly!Our daughter receives services for speech and we first learned some sign language and even learning to communicate with her that little bit was amazing.. Our coach ? really helps her but also gives me lots of ideas to do with her everyday to help her. It has been a wonderful experience.

When my daughter first started the early intervention program, she was just learning to roll over. Now she is starting to pull to stand taking a few steps with her walker. The intervention program has really helped my daughter and they continue to do so. They have given me tips on what I can do to better help my daughter as well.
